GI FIX #1 features four specialized ingredients for enhanced gastrointestinal support. This unique formula contains a concentrated extract of licorice that has been processed to remove glycyrrhizin—thus reducing risk of side effects associated with licorice. Glutamine serves as the predominant fuel and nitrogen source for the mucosal lining of the gastrointestinal (GI) tract. Arabinogalactan from the North American larch tree is a naturally occurring polysaccharide that provides excellent support for GI health. Research suggests that arabinogalactan plays a role in the promotion of gut microflora and may increase beneficial short-chain fatty acid production. The Aloe vera leaf extract in GI FIX has been processed to remove the bitter principles and prevent a laxative effect.*

- **Gastrointestinal Support***
- **Enhanced Production of Short Chain Fatty Acids***

Suggested use: Take one scoop once a day, or as directed by your Healthcare professional.

Storage instructions: Keep closed in a cool, dry place out of reach of children.

Warning:

Consult your healthcare professional before use if pregnant, nursing, taking medications, or for any use by minors. Do not use it if the safety seal is broken or missing. **KEEP OUT OF REACH OF CHILDREN.** This product is not intended to diagnose, treat, cure, or prevent any disease. For nutritional use only.

MULTI-TOX 30

Enzyme Based, Multivitamin, Mineral, Amino Acid & Herbal Dietary Supplement (42 servings)

MULTI-TOX30 is designed to offer gastrointestinal and metabolic support.* This formula includes the powerful combination of hypoallergenic nutrients, amino acids, and minerals, but excludes sources of rice and pea protein for those with sensitivities to grains or peas or who require low carbohydrate content. It also contains no sugars, which makes it ideal for anti-yeast diets. MULTI-TOX30 is also intended to support liver detoxification and chemical biotransformation with targeted nutritional cofactors.*

- **Over 5 grams of targeted amino acids as protein replacement and to support individuals on special diets***
- **Intended to support a normal blood sugar balance in healthy individuals†***
- **Formulated with nutrients and cofactors to offer support for the gastrointestinal and immune systems***
- **Formulated without sugars**
- **Designed for individuals with grain or pea sensitivities***

Suggested use: Mix 1 scoop with 4-6 ounces of water. Mix well before drinking. Use once a day, or as directed by your healthcare professional. This product should not be used in a diet supplying less than 600 calories per day without complete medical supervision.

Storage instructions: Store at room temperature away from direct sunlight. Keep this container tightly closed.

GUT IMMUNE

Vitamin , Mineral & Fatty Acid Dietary Supplement (180 Servings)

GUT IMMUNE represents the latest science in microbiota-related supplementation. It delivers short-chain fatty acids (SCFAs)—the natural end products (postbiotics) of complex carbohydrate digestion by enteric bacteria. An increasing number of studies demonstrate the broad and profound effects of SCFAs locally, in intestinal mucosal health and microbiota diversity, and systemically, as molecular messengers.*

- **Supports microbiome diversity and the health and function of intestinal epithelial cells***
- **Supports intestinal tight junction protein synthesis, which is critical to intestinal barrier function***
- **Supports colonic T-regulatory cell activity, immune homeostasis, and immune tolerance***
- **Supports energy metabolism***
- **Supports NF-kappaB signaling and cytokine production associated with good health***
