

G-THIONE MAX

Liquid Glutathione Amino Acid Dietary Supplement (47 servings)

G-THIONE MAX is a breakthrough new approach to glutathione supplementation. It features, for the first time in a liposomal solution, S-acetyl L-glutathione (SAG), combined with reduced glutathione (GSH), and N-acetyl L-cysteine (NAC). This formulation utilizes three ways to support glutathione—intracellular with SAG, intracellular biosynthesis with NAC, and extra/intracellular (systemic) support with GSH.* Moreover, the liposomal S-acetyl L-glutathione in this formula provides a double layer (acetylation + liposomes) of protection to the glutathione molecule, further supporting its intracellular bioavailability.*

- **Supports intracellular and mitochondrial antioxidant processes***
- **Supports healthy brain function***
- **Supports the liver and detoxification activity***
- **Supports balanced immune system function***

	Amount Per Serving	%DV
Calories	10	
Total Carbohydrates	2 g	<1%†
N-Acetyl L-Cysteine	125 mg	*
Phosphatidylcholine (from sunflower lecithin)	75 mg	*
Proprietary Glutathione Blend:	175 mg**	*
L-Glutathione (reduced)		
S-Acetyl L-Glutathione		
†Daily Values are based on a 2,000 calorie diet.		
*Daily Value (DV) not established.		
**At time of manufacturing.		

Other ingredients: Filtered water, glycerine, sunflower lecithin, natural flavors, potassium sorbate (to maintain freshness), luó hán guó fruit extract.

Suggested use: Take 5 mL (approx. 1 teaspoon) orally 1-2 times a day, or as directed by your healthcare professional. SHAKE WELL BEFORE USE. Best used within 60 days of opening.

Storage instructions: REFRIGERATE UPON RECEIPT. Keep this bottle tightly closed.

Warning:
Consult your healthcare professional before use if pregnant, nursing, taking medications, or for any use by minors. Do not use it if the safety seal is broken or missing. KEEP OUT OF REACH OF CHILDREN. This product is not intended to diagnose, treat, cure, or prevent any disease. For nutritional use only.
